76 Cliveden Road, Lache, CH4 8DT

We encourage all trusted referrers and sessions to actively signpost individuals to alternative food provision services such as the ones included in this document. This is particularly important where a referral for emergency food is not appropriate, but someone would still benefit from access to affordable or free food. It is also valuable for those already using our service, as a way of supplementing the support we provide and helping to reduce long term reliance on the foodbank.

Thank you for your help.
